

Terms and Conditions for B&B Website Application

By submitting this application, you (the B&B owner) agree to the following terms and conditions regarding the design, development, and maintenance of your website. These terms are set to ensure a smooth and successful collaboration between you and Wild Teak Media.

1. Website Build and Maintenance Requirement

- All applicants must select both a Website Build Options and a Website Care Plan.
- Applications for one service without the other will not be accepted, as both are essential for the long-term performance and upkeep of your site.

2. Required Content and Materials

To begin the website build, you are required to provide the following:

- **High-resolution photos** needed for the website of your B&B, including rooms, facilities, and surrounding areas.
- A written **description of your establishment**, including each room, key features and offerings.
- A clear list of **room rates**, including any seasonal changes or discounts.
- Your **NightsBridge link details** for integration with the booking system.
- Your **business logo** in high-resolution format (preferably PNG or SVG).
- Your preferred **brand colours** to ensure the design reflects your unique style.

3. Responsibilities

- As the B&B owner, you are responsible for supplying accurate, complete, and timely information. Delays in providing these materials may affect the timeline of the website build.
- The B&B owner agrees to paying 50% of the Website Build cost up front, unless you qualify for a 50% discount, in which case the full build amount is required.

The remaining 50% must be paid just before the website goes live. The Website Care Plan starts in the month following the website going live.

- Wild Teak Media, as the website builder, is responsible for creating a professional, functional, and visually appealing website based on the selected package and the materials you provide.

4. Communication

- You will be contacted via **email or WhatsApp** to discuss the next steps, confirm details, and share drafts or updates as needed.

5. Revisions and Changes

- A limited number of 3 design revisions are included, based on the selected package. Any significant changes after final approval may be subject to additional charges.

6. Ownership and Rights

- You retain ownership of all original content (photos, text, logo) that you supply.
- The website design and code remain the intellectual property of Wild Teak Media.
